GRAYSON COUNTY COLLEGE

Course Syllabus

Course Information

EMSP 1356 - Patient Assessment and Airway Management - Fall 2015

Type of Course/Delivery Mode/Testing Requirements

Face-to-face course; lecture and lab 14 hrs/ week on campus; cognitive examinations conducted on campus in computer lab with test proctor.

Professor Contact Information

Brandon Poteet, 903-463-8677- poteetb@grayson.edu - Health Science Building B114 office hours Monday – Thursday 08:00 am – 03:00 pm, Friday 08:00 am – 1:00 pm., unless it is class meeting dates. It is best to use the e-mail option outside the classroom. I can respond quickly as I monitor e-mail after hours and there is an official record of our communications. My email is poteetb@grayson.edu

Course Pre-requisites, Co-requisites, and/or Other Restrictions

Demonstration of college readiness in reading and math skills; current and completed immunizations for tetanus/diphtheria, measles, mumps, rubella, Hepatitis A, Hepatitis B, varicella, and a TB skin test within 6 months prior to clinical entry; completed pre-entrance physical exam and health statement without limitations; satisfactory completion of drug screen and background check; liability insurance is required before the student may attend clinical; concurrent enrollment in EMSP 1338, EMSP 1355, EMSP 2248, EMSP 2137, and EMSP 1149.

Course Description

This course is needed for preparation for certification as an Emergency Medical Technician (EMT) - Paramedic. It provides a detailed study of the knowledge and skills required to perform patient assessment and airway management.

Student Learning Outcomes

Upon successful completion of this course, the student will be able to:

- 1. Perform a history and comprehensive physical exam on all patient populations.
- 2. Communicate with others.
- 3. Establish and/or maintain a patent airway.
- 4. Oxygenate and ventilate a patient.

Required Textbooks and Materials

- 1. Bledsoe; Paramedic Care: Principles and Practices 4/e ISBN: 0-13-211208-6; Pearson Education, Inc. Upper Saddle River, New Jersey, 07458
- 2. Mosby; <u>Mosby's Dictionary of Medicine, Nursing & Health Professions</u>; Mosby Elsevier, St. Louis, MO, 63146; 2006. (ISBN: 13 978-0-323-03562-0)
- 3. Computer with Internet access to Canvas through the college website, www.grayson.edu.
- 4. Microsoft Office software (Word, PowerPoint, Excel).
- 5. Stethoscope. Must be of adequate quality to assess specific heart and lung sounds. Contact course professor for further details and specifications.
- 6. Black ink pen.
- 7. Student uniform.
- 8. EMT Paramedic Student ID.

Additional Resources

- State of Texas Department of State Health Services website: <u>www.dshs.state.tx.us/emstraumasystems/</u>
 - Texas Administrative Code, Rules/ Policies
 - 157.33 Certifications
 - 157.36 Disciplinary Actions
 - 157.37 Certification of Persons with Criminal Backgrounds
 - 157.38 Continuing Education
- National Registry of EMTs website: <u>www.nremt.org</u>
- American Heart Association: <u>www.americanheart.org</u>
- Online Writing Lab for APA formatting: http://owl.english.purdue.edu/owl/resource/560/01/

Outline of Topics Covered – Course Objectives

<u>Cognitive</u>

<u>Topic</u>	<u>Objective</u>				
Preparatory	Integrates comprehensive knowledge of EMS systems, the safety/well-being				
1	of the paramedic, and medical/legal and ethical issues, which is intended to				
	improve the health of EMS personnel, patients, and the community.				
EMSP	1338				
Anatomy and	Integrates a complex depth and comprehensive breadth of knowledge of the				
Physiology	anatomy and physiology of all human systems.				
EMSP	1338 1455 1356 2544 2434				
Medical	Integrates comprehensive anatomical and medical terminology and				
Terminology	abbreviations into the written and oral communication with colleagues and				
	other health care professionals.				
EMSP	1338				
Pathophysiology	Integrates comprehensive knowledge of pathophysiology of major human systems.				
EMSP	1338 1455 1356 2544 2434 2430 2143				
Life Span	Integrates comprehensive knowledge of life span development.				
Development					
EMSP	1338 2430				
Public Health Applies fundamental knowledge of principles of public health and					
	epidemiology including public health emergencies, health promotion, and				
	illness and injury prevention.				
EMSP	1338 1455 2430				
Pharmacology	Integrates comprehensive knowledge of pharmacology to formulate a				
	treatment plan intended to mitigate emergencies and improve the overall				
	health of the patient.				
EMSP	1338 1356 1455 2544 2434 2143				
Airway	Integrates complex knowledge of anatomy, physiology, and pathophysiology				
Management,	into the assessment to develop and implement a treatment plan with the goal				
Respiration and	of assuring a patent airway, adequate mechanical ventilation, and respiration				
Artificial	for patients of all ages.				
Ventilation					
EMSP	1356				
Assessment	Integrate scene and patient assessment findings with knowledge of				
	epidemiology and pathophysiology to form a field impression. This includes				
	developing a list of differential diagnoses through clinical reasoning to				
	modify the assessment and formulate a treatment plan.				
EMSP	1356 2143				
Medicine	Integrates assessment findings with principles of epidemiology and				
	pathophysiology to formulate a field impression and implement a				
	comprehensive treatment/disposition plan for a patient with a medical				
	complaint.				
EMSP	2544 2434 2143				

Shock and Resuscitation	Integrates comprehensive knowledge of causes and pathophysiology into the management of cardiac arrest and peri-arrest states. Integrates a comprehensive knowledge of the causes and pathophysiology into the management of shock, respiratory failure or arrest with an emphasis			
<i>EMSP</i> Trauma	on early intervention to prevent arrest. 1338 1455 2544 2430 Integrates assessment findings with principles of epidemiology and pathophysiology to formulate a field impression to implement a comprehensive treatment/disposition plan for an acutely injured patient.			
EMSP	1338 1455			
Special Patient Populations	Integrates assessment findings with principles of pathophysiology and knowledge of psychosocial needs to formulate a field impression and implement a comprehensive treatment/disposition plan for patients with special needs.			
EMSP	2430 2143 <u>Psychomotor</u>			
Skills	Safely and effectively perform within the National EMS Scope of Practice and state Scope of Practice at the Emergency Medical Technician (EMT) – Paramedic level.			
EMSP	1361, 2544, 2434, 2430, 2143, 1338 1356 1455 2462 <u>Affective</u>			
Therapeutic Communications EMSP	Effectively communicate in a manner that is culturally sensitive and intended to improve the patient outcome.			
Professionalism	1361 2462 Is a role model of exemplary professional behavior including: but not limited to, integrity, empathy, self-motivation, appearance/personal hygiene, self- confidence, communications, time- management, teamwork/ diplomacy, respect, patient advocacy, and careful delivery of service.			
EMSP	1361 2462			
Decision Making	Performs basic and advanced interventions as part of a treatment plan intended to mitigate the emergency, provide symptom relief, and improve the overall health of the patient.			
	Evaluates the effectiveness of interventions and modifies treatment plan accordingly.			
EMSP	1361 2462 2143			
Record Keeping	Report and document assessment findings and interventions. Collect and report data to be used for epidemiological and research purposes.			
EMSP Soono	1361 2462 Function as the team leader of a routing, single patient advanced life support			
Scene Leadership	Function as the team leader of a routine, single patient advanced life support emergency call.			
EMSP	2462			
Scene Safety	Ensure the safety of the rescuer and others during an			
EMSP	emergency. 1361 2462			

Required Assignments & Academic Calendar

•	Patient Assessment and Airway Management Airway Anatomy, Mechanics of Respiration	
Saturday	Patient Assessment and Airway Management	
September 26	Gas Measurement, Pulmonary Circulation	
Tuesday	Patient Assessment and Airway Management	
September 29	Regulation of Respiration, Respiratory Pathophysiology	
Friday	Patient Assessment and Airway Management	
October 2	Ventilation, Ventilation Assessment, O2 Therapy, Ventilatory Assistance	
Monday	Patient Assessment and Airway Management	
October 5	Scene Size-Up, Communicating Therapeutically, History Gathering	
Thursday	Patient Assessment and Airway Management	
October 8	Primary Assessment, Secondary Assessment	
Wednesday	Patient Assessment and Airway Management	
October 14	Clinical Decision Making, Case Study Management	
Saturday	Patient Assessment and Airway Management	
October 17	Summary Exam	

This schedule is subject to change. The student will be notified of any changes at the end of the current class meeting.

In case of inclement weather, emergency closings, or other unforeseen disruptions to scheduled classes, student must log onto their Canvas accounts for directions on where, or how, to continue their coursework.

Methods of Evaluation

Important Notice Concerning Final Course Grading: In order for the following calculation to apply to the EMSP 1356 course grade, the student MUST have earned an *average* of 74 or better on the three (3) major exams of the course. Failure to achieve this average will constitute failure of the EMSP 1356 course and the student will not be permitted to continue the Paramedic 2015-2016 course of study. However, the student will be permitted to re-apply to the program for the 2016-2017 academic year.

Categories:	Percentage:
Professional Behavior (Affective)	10%
Canvas Exercises (Cognitive)	10%
Quizzes (Cognitive)	10%
Examinations (Cognitive)	70%

Professional Behavior will be based on daily performance in the classroom as it relates to attitude and professionalism. The student will be graded each class meeting by their Team Leader using criteria determined by the class. The Team Leader will provide the course instructor with a daily report of the students in his/her team, signed by both the team leader and course instructor. The scores will be tabulated and posted in the grade book within Canvas. At the beginning of the course the student will start with 100 total points. A deduction from the 100 points will occur each time a violation occurs. The remaining points will be calculated as 10% of the final course grade. If the student looses more than 10 points in any of the areas listed below, the course instructor will counsel the student. If the total number of points falls below 74, the Program Director and instructor will counsel the student, as this indicates failure of the affective domain. *Please note; some offenses are so severe they may result in the student being referred to the EMS Program Director for counseling and/or dismissal from the program. These offenses are listed in the EMS Program Policy Manual pages 19-22.*

1. Integrity	10 points
2. Empathy	10 points
3. Self-Motivation	10 points
4. Appearance and Personal Hygiene	10 points
5. Self-Confidence	10 points
6. Communications	10 points
7. Time Management	10 points
8. Teamwork and Diplomacy	10 points

9. Respect	10 points
10. Careful Delivery of Service	10 points

Canvas Exercises must be completed by the due date posted in Canvas. These exercises may include, multiple-choice assignments and discussion questions. Multiple-choice assignments are graded on percentage of correct items while discussion questions are graded on content using the rubric below. These exercises will make up 10 % of the final course grade. It is the student responsibility to monitor due dates and times. There will be **NO** extensions on the due dates or times.

Discussion Question Rubric:

Points	Criteria
4	Clearly defined response with 2 or more references in APA format.
3	Weak response ideas with less than 2 references, or no APA format.
2	Complete opinion without references.
1	Totally off topic, does not contribute to the discussion.
0	No response.

*The student must intelligently reply to at least two other responses in order to receive credit for their discussion question posting.

Quizzes will be administered by the professor at any time throughout the course. Quizzes may be given in any form: oral, paper or via the web. Any incomplete quizzes will be scored as 0%. The average score of all quizzes will determine 10% of the course grade.

Examinations will be administered electronically via the web on the GC campus as scheduled by the professor. The length of time allowed for testing is based on the number of test items on the exam and will be determined by the professor. Examinations will begin on time and finish on time. Students who arrive late will be admitted at the discretion of the professor, and, if admitted, will have only the remaining time available. Students who are absent from an examination may be eligible for a make-up examination only when certain circumstances are met and approved by the professor. The average score of all examinations will determine 70% of the course grade.

Note Concerning Major Exam Grades:

Major exam results will be processed through item analysis and peer review once the exam is submitted for grading. This will insure accuracy of the results and validate the exam. While every effort will be made to complete this in a timely fashion, please understand that releasing of the student's grade for the exam maybe delayed until the process is complete. At no time will 'raw' scores be released to the student.

Grading

Letter Grade	Interpretation	Numerical Grade	Grade Points/ Semester
			Hour
А	Excellent	91.50 - 100.00	4
В	Good	82.50 - 91.49	3
С	Satisfactory	73.50 - 82.49	2
D	Failing	64.50 - 73.49	1
F	Failing	64.49 and below	0

Students will be notified of grades via the Canvas "Grades" link. It is the intent of the professor to release grades as soon as possible. Canvas exercise grades will generally be released immediately upon completion of the exercise. Quiz and examination grades may require up to three days for release.

Methods of Instruction

Methods of instruction include lecture, discussion, required reading, audio and visual aids, computer aided instruction, research, skill demonstration, and skill practice.

Because many assignments and study tools are performed via Canvas, access to computer hardware with internet connection and software to allow web navigation is required. Microsoft Office software, Word, PowerPoint, and Excel, is also required. However, a personal computer is not required. EMS students may access several computer lab resources on and off campus to facilitate completion of assignments. If the student is dependent upon computer resources outside the home, significant time management, organizational skill, and personal commitment is necessary to be successful.

In the event of technology failure, the student should contact the GC Help Desk for guidance.

Course & Professor Policies

Refer to the GC EMS Education Policy Manual for specific information relating to General Policy, Admission Policy, Student Conduct Policy, Health and Safety Policy, Examination Policy, and Certification and Licensure Policy. Any conflict between this syllabus and the GC EMS Education Policy Manual will be interpreted by the program director.

Class Attendance

Academic success is closely associated with regular classroom attendance and course participation.

All successful students, whether on campus or online, are expected to be highly self-motivated. All students are required to participate in courses regularly and are obliged to participate in class activities and complete and submit assignments following their professors' instructions. Students taking courses during compressed semester time frames such as mini-mester, summer sessions, and mid-semester should plan to spend significantly more time per week on the course. Responsibility for work missed because of illness or school business is placed upon the student. More than two (2) absences are considered to be excessive. In addition, students' eligibility to receive financial aid or live in a College dormitory can be affected by withdrawal from courses. When withdrawal occurs, any tuition refund would be made in accordance with state regulations.

Student Conduct & Discipline

Students are expected to maintain classroom decorum that includes respect for other students and the professor.

Disruptive behaviors such as harassment of fellow students and/or professors; persistent talking in class while lecture is in progress; using electronic equipment without authorization (cell phone/ texting) or repeated tardy arrival to class will not be tolerated. Students will be counseled initially, but may be dismissed from the classroom for repeated offenses.

Dress for classroom includes the GC EMS student uniform described in the Uniform Policy section of the GC EMS Education Policy Manual.

Refer to the GC EMS Education Policy Manual for information regarding Conflict Resolution, Disciplinary Action, and Grievance procedures.

Academic Integrity

The faculty expects from its students a high level of responsibility and academic honesty. Because the value of an academic certificate or degree depends upon the absolute integrity of the work done by the student for that award, it is imperative that a student demonstrate a high standard of individual honor in his or her scholastic work.

Scholastic Dishonesty, any student who commits an act of scholastic dishonesty is subject to discipline. Scholastic dishonesty includes but is not limited to cheating, plagiarism, collusion, submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.

Plagiarism, especially from the web, from portions of papers for other classes, and from any other source is unacceptable and will be dealt with under the college's policy on plagiarism (see GC Student Handbook for details). Grayson College subscribes to turnitin.com, which allows faculty to search the web and identify plagiarized material.

Copyright Notice

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted materials, including music and software. Copying, displaying, reproducing, or distributing copyrighted works may infringe the copyright owner's rights and such infringement is subject to appropriate disciplinary action as well as criminal penalties provided by federal law. Usage of such material is only appropriate when that usage constitutes "fair use" under the Copyright Act.

Withdrawal from Class

The administration of this institution has set deadlines for withdrawal from any college-level courses. These dates and times are published in that semester's schedule of classes. Administrative procedures must be followed. It is the student's responsibility to handle student initiated withdrawal requirements from any class. You must do the proper paperwork to ensure that you will not receive a final grade of "F" in a course if you choose not to attend the class once you are enrolled (see GC College Catalog for details).

Disability Services

The goal of Disability Services is to provide students with disabilities educational opportunities equal to those of their non-disabled peers. Disability Services is located in room SC 115 in the Student Success Center.

The contact information for the Office of Disability Services is: Jeffri Hodge (903) 463-8751 (voice or TTY) hodgej@grayso.edu

If you anticipate issues related to the format or requirements of this course, please meet with the Coordinator of Disability Services. The Coordinator is available to discuss ways to ensure your full participation in the course. If you determine that formal, disability-related accommodations are necessary, it is very important that you be registered with Disability Services to notify them of your eligibility for reasonable accommodations. Disability Services can then plan how best to coordinate your accommodations.

It is the student's responsibility to notify his or her professors of the need for such an accommodation. Disability Services provides students with letters to present to faculty members to verify that the student has a disability and needs accommodations. Individuals requiring special accommodation should contact the professor after class or during office hours.

Financial Aid

Effective July 1, 2000 students receiving Title IV funds (Pell, Federal Grants, and Student Loans), who subsequently withdraw from classes, will be required to return a portion of the federal financial aid received. Only the percentage of aid earned (determined by the percentage of time attended) will be eligible for retention on the student's behalf. Any aid that is not earned must be returned to its source. If there is a student account balance resulting from these adjustments, the student is responsible for payment. Further details can be obtained from the Office of Financial Aid.

Drop Rule

Under section 51.907 of the Texas Education Code, "an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education." This statue was enacted by the State of Texas in spring 2007 and applies to students who enroll in a public institution of higher education as first-time freshmen in fall 2007 or later. Any course that a student drops is counted toward the six-course limit if (1) the student drops a course after census date or (2) the student is not dropping the course in order to withdraw from the institution. Some exemptions for good cause could allow a student to drop a course without having it counted toward this limit, but it is the responsibility of the student to establish that good cause before the drop. Students with questions should contact the Counseling Office or the Office of Admissions & Records for more information before dropping a course!

TITLE IX

GC policy prohibits discrimination on the basis of age, ancestry, color, disability, gender identity, genetic information, national origin, race, religion, retaliation, serious medical condition, sex, sexual orientation, spousal affiliation and protected veterans status.

Furthermore, Title IX prohibits sex discrimination to include sexual misconduct: sexual violence (sexual assault, rape), sexual harassment and retaliation.

For more information on Title IX, please contact:

- Dr. Regina Organ, Title IX Coordinator (903-463-8714)
- Dr. Dava Washburn, Title IX Coordinator (903-463-8634)
- Dr. Kim Williams, Title IX Deputy Coordinator- South Campus (903) 415-2506
- Mr. Mike McBrayer, Title IX Deputy Coordinator (903) 463-8753
- Ms. Marilyn Power, Title IX Deputy Coordinator (903) 463-8625
- Website: <u>http://www.grayson.edu/campus-life/campus-police/title-ix-policies.html</u>

- GC Police Department: (903) 463-8777- Main Campus) (903) 415-2501 South Campus)
- GC Counseling Center: (903) 463-8730
- For Any On-campus Emergencies: 911

Grayson College is not responsible for illness/injury that occurs during the normal course of classroom/lab/clinical experiences.

These descriptions and timelines are subject to change at the discretion of the Professor.

Grayson College campus-wide student policies may be found on our Current Student Page on our website: <u>http://grayson.edu/current-students/index.html</u>

Revised: September 29, 2015
